# Sunboard

Sun board or Foam board is a very strong, light, and easily cut sheet material used for the mounting of vinyl prints.

This sun board or foam board is 3 mm in thickness, which can be used for indoor and outdoor advertising.

Printing Type - This product is printed on Vinyl using premium eco - solvent inks.

High quality digital printing is included in the price.

# Banner

Depending on how it's used, a banner is either a graphic image that announces the name or identity of a site (and often is spread across the width of the Web page) or is an advertising image. Advertisers sometimes count banner "views," or the number of times a banner graphic image was downloaded over a period of time

## Event Manegment

Event management is the application of project management to the creation and development of large-scale events such as festivals, conferences, ceremonies, weddings, formal parties, concerts, or conventions.

## Eco Solvent Printing

Solvent: This term is used to describe any ink that is not water-based. Piezo inkjet printers whose inks use petroleum or a petroleum by-product such as an acetone like carrier liquid. "Eco-Solvent" inks usually contain glycol esters or glycol ether esters and are slower drying.

The resulting prints are waterproof.
